CONT'D VO (in Veronika voice)

It's fucking great that we left for India in November, when it was already pretty cold in Slovenia, otherwise we would be freezing our bones here in the tropical country.
If you cannot beat them, join them or in my case it was if you cannot beat it, get accustomed to it, make yourself friends with it, and this is exactly where and how my journey into making friend with cold has started. Ironically in a very warm tropical country.

CONT'D VO (in Veronika voice)

My whole life is an absolute irony of my choices, of me making those choices and living with them.

Decision to “become friends with cold” despite tropical latitude — internal paradox established.
